TAPES (INDUSTRIAL / MARINE / SAFETY)

— TISS SERIES

(Anti-Splashing Tape)

Anti-Splashing Tape is used for applications in the marine & offshore industry. This high-tech laminated multilayer aluminum tape has been designed by safety specialists in order to prevent sprays of hot and hazardous liquids from piping systems. These liquids can cause extreme dangerous situations which can end up in fire, explosions or other catastrophes.

According to the SOLAS amendment chapter 2-2 regulation, ships are to apply proper protection systems to prevent leakage and splashing of flammable oils from FO, LO & other piping. This product complies with the IMO A653(6) regulations.

**Our Anti-Splashing Tapes are approved by SOLAS
and
All major Classification Societies**
