

# THERMOMETERS — VT SERIES

## (V-Line thermometers)

A wide variety of V-shaped thermometers are available. The most widely carried, standard types are listed below with their respective specifications. The thermometers castings are finish in anodized gold color. The surface is coated for protection from outside elements. Threaded sockets with a solid hexagonal nut. Thermometers with a measuring range from -30 to +200 Deg. C have a blue liquid magnifying indicator and thermometers with ranges above +200 Deg. C work with mercury indicators.

Casing size: 110 x 36mm, 150 x 36mm, 200 x 36mm  
 Types: Straight, 90 Deg. Angle, 135 Deg. Angle  
 Thread: 3/8", 1/2", or 3/4" BSPM or NPTM

| Range / Stem Length | Casing Size  |            |            |
|---------------------|--|------------|------------|
|                     | 110 x 36mm   | 150 x 36mm | 200 x 36mm |
| -30+50 Deg. C       | 30mm, 40mm, 50mm, 63mm, 100mm, 120mm, 160mm,<br>200mm, 250mm, 300mm...etc<br>(Other lengths also available upon request) |            |            |
| -60+60 Deg. C       |  |            |            |
| 0+100 Deg. C        |  |            |            |
| 0+120 Deg. C        |  |            |            |
| 0+160 Deg. C        |  |            |            |
| 0+200 Deg. C        |  |            |            |
| 0+300 Deg. C        |  |            |            |
| 0+400 Deg. C        |  |            |            |
| 0+600 Deg. C        |  |            |            |
